GOLD RESERVE SHRINKING.

Belief That the Export to Europ Will Reach \$25,000,000.

New York, May Tith.—The hole in the \$100,000,000 gold reserve in the United States Treasury grows rapidly larger, and there is now no doubt that before the present outflow to Europe stops the reserve will be seriously impaired.

A well-informed foreign banker today expressed the opinion that the outgo of gold would reach \$85,000,000.

Of course, this settimate includes all the recent weekly abjuments, and more than haff that amount has stready been earl to Europe during the past month.

WITH a shortage of more than \$500, 000 in the gold reserve starling him in the face Secretary Carlislk sits on the steps of the Treasury Department whist-ling and whittling a stick and wonder-ing what is going to happen next. If Mr. Carlisle were at a circus and the center pole should tumble down he would probably take it as part of the perfor-mance and look to see what came next on the programme.

THE Treasury of Texas is without a dollar, a condition of affairs that has not existed for twenty years, during which time its revenue balance has ranged annually from one million to three million ndairy from one minion to three minion dollars. Before the end of the year there will be a deficiency of several hundred thousand dollars and it is doubtful if the state will be able to meet the interest on its bonds, amounting to four million rs. And it should not be forgotten Texas bonsts of a Democratic majority between 100,000 and 100,000,000. Nor does it appear that the state is engaged in making internal improvement any more than her tax-ridden, fellow-Democratic and fellow-busted-Treasury sister Kentucky.

They are simply "howis" from the in-dustries and workingmen that were promised such prosperity—when Mr. CLEVELAND and the Democratic party got into power:

NEWPORT, KY., May 3d — One hundred muck rollers are on a strike at the Mitch-ell & Trantor rolling mills. The strike is growing worse, and the entire mill will be shut down.

LOWELL, Mass., May 3d .- One hun LOWELL, MASS, May 04.—One num-dred operatives in Stort's woolen mill struck pending a decision of the owner, Major C. A. Storr, on a petition to restore a cut of 15 per cent. made last February. The entire mill is shut down.

Kingston, N. Y., May 3d .- Eight hun Kriseston, N. Y., May 34.—Eight hun-dred men went on a strike at the various brick yards on the Hudson North of this city. A cut of twenty cents a day in wages is the cause. Manufacturers say the men will not be reinstated under the present dull state of the market, and many do not care to operate their yards at at

MINEVILLE, N. Y., May 2d.—The Port Henry Iron Ore Company and WITHERIDEE SHERMAR & Co. have closed their mines at this place. Twenty three dwelling houses have Cleveland shutters on their windows. The people here call them CLEVELAND'S lace curtains.

CREVELAND'S lace curtains.

Pontanoutin, O., May 4th.—The stringent times have paralyzed the celebrated Busan Vista freestone regions. The Cadea Company has laid off 90 per cent. of his employes, and, if business does not open up soon, will close entirely. The Mueller Company has notified its employes that all will be laid off Monday, May 7th, and the quarries will shutdown. As the entire neithborhood draws its living from these charries, great distress will contract.

EX-PRESIDENT HARI Ledger of his of his splendid speech before the Indiana Republican State Convention, declared that when a man, in exercise of his in violable right to run for office, "honorabij violable right to run for office. "honorably and earnestly seeks a nomination and fails, he is altogether to be reproduted if he carries his grievance home with him and deserts his party." That is a sound, patriotic definition of the obligations of party fealty which every party man may consider with profit. Secretary GRESHAM ought to cut it out, and either paste it in the crown of his telephone or file it mong the archives.

> ONE of the "ecomic" facts of the preent arrangement of the Postoffice Depart ment is to increase the rate of postage ou periodical publications to the modest tune of 700 per cent.—that is from 1 cent a pound to 8 cents a pound. The people of the United States are indebted to the Republican party for cheap postage on periodical literature, and consequently for cheap literature. The proposed increase, if adopted, will deprive them of this precious privilege. The publisher who now pays one thousand dollars a yenr for postage must then pay eight thousand dollars, and he who pays six thousand two hundred and fifty dollars now must pay fifty thousand dollars then. Of course the extra cost will be paid by the readers of the country if they con tinue to read, for the new rate of postage would amount to nearly three times the sent cost of paper. Blessed is latter day Democracy -and high priced.

NEW TARIFF

Washington, May 9.—Of the 402 amendments offered to the pending tariff bill in the senate, 528 provide for increased rates of duty from 10 to 800 per cent, and only 6 for reductions. The remainder consist of changes in phraseology and of classification. The remainder consist of changes in phraseology and of classification a retreast from the ad valorem to specific aystem of duties. A marked exception to this is found in the new woolen schedule, where the proposed compound system of duties, counting aspectific and ad valorem rates, which was proposed, has been rejected and ad valorem duties almost exclusively spilled.

Jorem autos aumost excusaves, applied.

Senator Illi is evidently fully aware of the progress which has been made toward union, but he declined Tuesday to any a single word for publication. It was Senator Illi'lls purpose to open the fight against the income tax Tuesday afternoon, but he has postponed his attack until after Mr. Addrich shall have made his next assault sapon the bill.

A general canvas of the house Tues-A general canva, of the house Tues day disclosed no intention on the part of the democrats to resist the senate changes in arbitrary spirit. It was de-veloped that the house democrats gen-erally were entirely satisfied with the bill as it went to the seque, and no at-tempt was made to conceal their regrethat it should not have been returned to them in practically its original

Whiting, of Michigan, said that
I not see how the house could no Mr. Whiting, of Michigan, said that he did not see how the house could ne-cept an increase in the cotton schedule. "I think the house will oppose the in-croased duty on tobacca." Mr. Spring-er, of Illinois, expressed his regret at the changes which had been made, but added, philosophically, that all tariff measures must be a work on concession and compromise.
